Professional Experience

Atol Incorporadora e Construtora

Full Stack Developer

Jan 2026 – Present

- Built full stack web applications across the entire development cycle, from back-end to interface.
- Developed REST APIs and integrated them with databases, applying solid Git versioning practices.

Stack: React · TypeScript · Node.js · REST APIs · SQL · Git

Grupo Forja7

Front-End Developer · Freelance

Mar 2025 – Dec 2025

- Built responsive interfaces with React and modern JavaScript, turning Figma designs into reusable, accessible components.
- Optimized performance and user experience across web applications.

Stack: React · JavaScript (ES6+) · Figma · CSS

General Motors

Quality Engineer

Feb 2024 – Jan 2025

- Ran quality control and test automation, ensuring reliability in critical processes.
- Documented processes and reported defects, supporting continuous improvement with data analysis.

Stack: Python · Test Automation · QA · Data Analysis

São José dos Campos City Hall

IT & Systems Support

Sep 2022 – Jan 2024

- Diagnosed and resolved software and systems issues for users across municipal sectors.
- Provided technical support and IT infrastructure maintenance.

Stack: Windows · Networks · Systems · Support

S. J. Campos Technology Park

Back-End Developer

Mar 2022 – Dec 2023

- Developed back-end features and services for technology innovation projects.
- Built and consumed REST APIs and worked with relational databases.

Stack: Node.js · REST APIs · SQL · Docker
